Future opportunities

Master in Interior Design

Carrer Opportunities :

- The course will develop the student's ability to use the broad range of new technology available to designers for creative generation and presentation of projects. The student will explore interior design from many points of view, as well as a creative thought process requiring both inquiry and critical thinking.
- The teachers of our interior design school offer precious knowledge in traditional and modern graphic design, 3D graphics, 3D animations and virtual-environment. During the course, students have the opportunity to take part in international design contests. In this way, every student will be able to have hands-on experience with theory and real practice. The master's degree course in interior design has a duration of one year. Students from other schools or universities may apply by sending a curriculum of their studies.
