

Graduate School Of Choice: Domus Academy

Katherine and Aleyne

About Domus Academy

Domus Academy is a private school of design in Milan, Italy. It offers post-graduate and professional courses in fashion, industrial design, and design management.

About the Master in Urban Vision & Architectural Design Program

The Master in Urban Vision & Architectural Design responds to changes in the professional field and in the urban configuration. The Master offers new techniques of inquiry and design-based strategies, taking urban strategy as the starting point to study society. This Master aims to explore different architectural approaches and provide students with the opportunity to discover their own design abilities and find responses to citizens and their culture, commerce, relationships and movements to create projects for a better urban future.
